NIKOLAJ HØJGAARD

UX | PRODUCT MANAGER

IN BRIEF

I design functional solutions to real problems by using agile methods to create the highest possible value.

I've done this in big organizations, as a consultant and as a non-profit entrepreneur and I have a track record of turning complex subject matter into focused solutions.

In the past year I've been focused on AI safety and finding out how I can best contribute.

WORK EXPERIENCE

8020 | 2024 - now

Freelance consultant in user-friendly tech

Help shape digital solutions by focusing on their users. I've helped the Danish police, ControlAI and the Danish agency for digital government.

Advice | 2022 - 2023

User experience consultant

Facilitated workshops and user tests that informed my design of the It-systems for all Danish elections. This involved making complex legal material easy to understand and act on.

Giv Effektivt | 2021 - 2024

Founder and chair/board member

Led a team of volunteers in the development of Giv Effektivt and the fundraising platform GivEffektivt.dk which has raised more than 1,4 million euro to effective charities.

Danish Business Authority | 2017 - 2020

Product owner and user experience consultant

Made sure that a team of 12 people were developing a useful digital platform within time and budget constraints. Worked with people of many different professions in all stages of projects.

Optuner and UX Mentor | 2016 - 2017

User experience researcher

Conducted user tests for Red Cross, Copenhagen Municipality and others.

here2help | 2013 - 2015

Social entrepreneur

Experimented with a new way to make it fun and easy to donate money.

WOMEDA | 2016

Program developer

Initiated and developed a district wide School Feeding Initiative. It involved research, planning and communication with many stakeholders.

EDUCATION

Copenhagen Business School | 2012 - 2015

Ms.Soc. Organizational Innovation and Entrepreneurship

Wrote a thesis on user research in startups and engaged with anything concerning developing projects, ideas and organizations.

Aarhus Business School | 2009 - 2012

BA Marketing and Management Communication

Focused on internal and external business communication.

KIMEP | 2011

Exchange in Kazakhstan

Spent a semester in Almaty because it sounded exciting and difficult.

Viborg Business College | 2005 - 2008

Business College

Received a price for being committed in my efforts.

Skals Efterskole | 2004 - 2005

Boarding school

When I was 16, I was in a class with no teachers, where it was up to the students ourselves to coordinate and execute projects.
